

MEMORANDUM OF UNDERSTANDING (MoU)

Between

Indus Consortium (IC)

And

College of Earth and Environmental Sciences (CEES),

University of Punjab, Lahore

This "Memorandum of understanding (MoU)" is being signed between **Indus Consortium (IC)** as **(Part I)** and **College of Earth and Environmental Sciences (CEES), University of Punjab, Lahore** as **(Part II)**, in connection with providing mutual support in implementation in a GROW campaign naming "Harvesting Global Food Security and Justice in the face of Climate Change" supported by Oxfam and implemented by Indus Consortium.

The objective of this MoU is to make joint efforts to enhance GROW Campaign and other campaigns and projects in order to increase knowledge of youth regarding climate change, its causes, impacts and solutions so that youth can promote environment related awareness activities to generate Policy discourse on climate change.

Both the parties are agreed as following:

Role of Part I:

- Formation of a theater group of male and female students of College of Earth and Environmental Sciences (CEES), University of Punjab, Lahore.
- To develop the coordination and communication mechanism with College of Earth and Environmental Sciences (CEES), University of Punjab, Lahore
- To create effective linkages and liaison with other relevant departments for the better implementation of activities
- To organize discourse events with students of College of Earth and Environmental Sciences (CEES), University of Punjab, Lahore on climate change and food security issues
- To organize and conduct Drawing /Art competitions on food security and climate change with youth/ student group at College of Earth and Environmental Sciences (CEES), University of Punjab, Lahore
- To give opportunity to various societies and youth groups of University of Punjab, Lahore for participation in Food & Growers festivals, Policy dialogues at provincial level and theater performances

- To organize awareness sessions on the need to participate in tree plantation and also coordinate with forest department for the provision of plants.
- To organize events on the international days, for instance Earth day, Food day, Environment day and other important days in the university campus.
- To organize tree plantation activity in the university campus.
- To provide banners etc. regarding signature campaign in all the activities organized with students.
- To coordinate regarding online petitions and community letters by providing draft letter and links to online petitions.
- To provide internship opportunities on food security and climate change to male & female students from College of Earth and Environmental Sciences (CEES), University of Punjab, Lahore.
- For all activities, Indus Consortium will take lead and arrange all required logistic support with its limited resources.

Role of Part II:

- To provide support in nomination of focal person(s) to create a better coordination in the above mentioned activities organized by Part I
- To provide venue for thematic sessions, discourse events, drawing/art/cooking/debate competitions, etc.
- Facilitate and ensure the participation of students in seminars, theater performances meetings, policy dialogues, university student walk for the demand of recourse allocation, art and essay competition, internship, tree plantation, signature campaign, online petitions, community letters etc.
- To take active part in GROW campaign, discourses, policy dialogues and other project/campaign's activities of Indus Consortium.
- Sustainable use of technical resources and knowledge developed from the Grow Campaign
- Inclusion/ adjustment of the above mentioned activities in the College of Earth and Environmental Sciences (CEES) calendar

Common Role and Responsibilities PART-1 and PART-II

- 1) Collaboration of both parties in all mentioned activities and other research activities in relation to climate change, food security and disasters.
- 2) Collaboration in matters of common interests in the fields of research, education, around theme of Food Security and Climate Change
- 3) Collaboration to increase the effectiveness, efficiency and quality of program

COORDINATION:

On behalf of Part I **Ms. Kiran Simon, Liaison Officer, Indus Consortium** and on behalf of Part II **Mr. Hassaan Bin Saadat, Research Officer College of Earth and Environmental Sciences (CEES), University of Punjab, Lahore** will respectively serve as coordinators to liaise the activities between the two institutions. The Coordinators of the respective institutions will serve as the key persons for discussion and implementation of each joint activity between the two institutions.

Consultation:

- 4) To facilitate the execution of the program, there will be a periodic communication and consultation between the two parties.
- 5) The two institutions shall jointly cooperate regarding the activities organized under this agreement to the authorities concerned.

Entire Agreement and Amendments:

This MoU constitutes the entire agreement between both the parties, and any representative official nominated by both the parties is responsible for future deal and deed. Any amendments to this agreement shall be agreed in writing by the PART I and PART II.

The present agreement will come into force at the time of signatures and shall remain in effect until March 31, 2017. The renewal of agreement must be agreed in written by both parties.

Acceptance:

We agree to the terms and conditions of this MoU set out above:
